## DEALER IS FINED FOR SELLING CIGARETS TO MINORS IN CHARLEROI

Minimum Penalty Imposed in Justice Nutt's Court on Tuesday

### DEFENDANT PLEADED GUILTY

Selling cigars to minors is a dangerous business in Charleroi, but there appear to be those who are willing to take a chance in the hope of getting away with it. Officers of the borough have been on the alert for offenders of this law, and within the past few weeks have apprehended two dealers who have confessed to violating the law, and who have been heavily fined.

A case was heard before Justice Paul R. Nutt, Tuesday afternoon, at which the keeper of a small store at the corner of McKean Avenue and Eighth Street was brought before the Justice to answer to such a charge. Evidence in the case was given by one of the borough officials, who observed a small boy aged about 10 years with a package of cigars in his possession. When questioned the boy did not hesitate to tell where he got them and what he paid. An investigation was then made on information received and the case was heard Tuesday afternoon at 2 o'clock.

Three boys, the oldest about 15 years of age, came to the Justice, saying they had purchased the cigars without any trouble, the only admonition being, they said, a request on the part of the shopkeeper for the boys to "put the cigars in their pockets." The defendant had no testimony to combat this evidence, and finally admitted to the Justice that the cigars had been sold to the boys. The law was read to the defendant, and Justice Nutt, far from imposing a fine of \$300 and costs, but that under the act he would have to place a fine of \$100 and costs, or send the case to court. The defendant agreed to pay the fine and the costs, and was given one day in which to arrange to pay the money.

### CANDIDATES ARE ON COUNTY TOUR

The Republican candidates for county offices, Messrs. Alex Gray for Sheriff, Erwin Cummins for District Attorney, William Lane for Director of Poor, R. G. Lutton for Treasurer, John Aiken for Register of Wills, George Chaney for County Surveyor, J. W. Walker and J. E. Johnston for County Commissioners, E. G. McGregor for Clerk of Courts and Harry Pollock for Prothonotary, were in Charleroi today and took dinner at the Hotel Wilbur. They are making a tour of the county and after leaving Charleroi will visit at Donora and Monongahela.

## Monday Has Been Fixed by Governor as Roosevelt Day

Monday, October 27, has been officially designated by Governor William C. Sprout as Roosevelt Day in Pennsylvania in a proclamation which he pays tribute to the late President and calls upon all the people of the state to enroll as members of the National Roosevelt Association. The proclamation is as follows:

Whereas, Monday, the twenty-seventh day of October, 1919, will be the sixty-second anniversary of the birth of Theodore Roosevelt.

In times of bereavement and unrest it is well to have fixed stars to steer by. The great men of the nation's history are those to whom under God we should look for inspiration and guidance. Their lives are a rich storehouse of natural recollection, and out of its treasures the spirit of the free people must be formed, animated and preserved.

Theodore Roosevelt was one of America's noblest sons. His life is a beacon of real Americanism, of the organized movement to create a worthy memorial of him should have the whole-hearted support of all the people of Pennsylvania. Organizations are being effected throughout the country and the commonwealth to make enrollments of members of the National Roosevelt Memorial Association during the week, beginning October 20, and to receive free-will offerings from the people in sums of \$1 and upwards.

Now, therefore, I, William C. Sprout, governor of the commonwealth of Pennsylvania, in order to forward this patriotic movement, and to give all citizens an opportunity to honor a valiant son of the republic do hereby proclaim Monday, October 27, 1919, as Roosevelt Day and commend to all of the people, both the children in the schools and citizens of mature years, the work of the memorial commission throughout the state and that all may enroll themselves and by so doing show their regard for the memory of an outstanding patriot, affirm their loyalty to American institutions and traditions, their respect for the law and order and their firm determination to preserve unspoiled the wonderful heritage with which we have been blessed.

SOMETHING NEW IN THE LINE OF JAZZ

The Keystone Jazz orchestra of the 23rd Division from Pittsburgh which will play at the Italian hall next Saturday night is a combination which is already bearing fruit. The Self Denial class has caught the vision and at the Italian hall last Saturday but owing to the fact that the Jazz lovers knew nothing about the good music that was to be there only a small crowd was present but those who were there enjoyed it immensely. All saying that for a long time there has not been as good a Jazz orchestra heard in Charleroi. The boys of this orchestra were all through France playing with the 28th Division show troop. They set England wild with jazz. You have often heard of the way the French marveled about our jazz music. Go to the Italian hall Saturday evening, even if you don't dance and you certainly will enjoy the time spent there. These boys are not traveling around the country because they are not good enough, but because they are. They are all young men with mothers at home and want to stay at home which is the best place as we all know. So don't forget if you want to hear real jazz as it should be played, go to the Italian hall Eighth Street, Saturday evening and further more the price of admission is very reasonable. Go there and forget your troubles. 115-116

According to the testimony produced in the Uniontown courts voting in Georges township, Fayette county, has progressed to the point of being a fine art. At least the votes appear to be capable of queer manipulations.

SOLDIER'S EFFECTS RECEIVED BY MOTHER

Mrs. Charles W. Coatsworth, of Monongahela, on Monday received from the war department the personal effects of her son, Sergeant Oran C. Coatsworth, who was a supreme sacrifice in France. Owing to contradictory statements and a confusion on the part of the war department in giving details, it was for a time hoped that report of the death of Sergeant Coatsworth would prove false. The receipt of the personal belongings, however, dispels all hope relatives have had that he might return home.

### RECEPTION FOR THE NEW PASTOR

Tuesday evening at the Christ Lutheran church a reception was held in honor of Rev. and Mrs. J. Walter Bressler and family. Rev. Bressler, having recently assumed the pastorate of the church. The affair was arranged by the members of the Polyanna club of young ladies of the church. About three hundred members and friends of the congregation were present. The first part of the evening was spent in the church proper where an excellent program was rendered under the direction of Mrs. Ada M. Gehring. Rev. Deitrich of Monessen was chairman of the meeting. The services were opened with the singing of the hymn "Blest be the Tie that Binds", and prayer by Rev. Knapton of Monongahela. The children of the Sunday school sang the welcome song. Short talks were given by Rev. Keller of the First Presbyterian church, Rev. Greenlee of the Methodist Episcopal church, Rev. Huffer of the First Christian church, Rev. Knapton, Rev. Deitrich, and Rev. Bressler. Miss Isabelle Dorbritz sang two numbers "When You Come Home," Squire and "The Americans Come," Foster. "Let Not Your Hearts be Troubled", was rendered very effectively by Earl A. Nicholson. A patriotic pantomime was presented by Misses Maude Hays, Anna Bromwich, Elizabeth Hays and Mrs. Charles Feste, assisted by a chorus of children. Accompanists for the soloists and children were Mrs. Ada M. Gehring and Mrs. James Sharo. Immediately following the program the guests adjourned to the Sunday school room where lunch was served. The church was beautifully decorated throughout, upstairs the decorations were cut flowers, palms and ferns, while in the Sunday school room Hallowe'en colors and ideas were tastefully arranged.

### MUST SHOW RESPONSIBILITY

The Public Service Commission on Monday adopted a code of rules and regulations to govern the operation of taxicabs, auto busses, jitneys and other vehicular common carriers which come within the provisions of the public service commission law throughout the state, requiring taximeters and a schedule of rates to be carried by all taxicabs and jitneys, and that operation of busses and automobiles in call service must post rates in their vehicles. Schedule rates and charges must be filed with the commission and all applicants and holders of certificates of public convenience must show their financial responsibility or protection by liability and indemnity insurance fixed in each case by the commission.

The commission adopted 15 rules governing the operation of the motor vehicle common carriers and additions will be made from time to time. The order provides for the organization within the bureau of public convenience of systems for applications, hearings, records and inspections of common carriers. The force of inspectors now employed in the bureau of accidents is to be created into a general inspection force in connection with the present work of accident and grade crossing inspection. The rules provide among other things that all certificates shall be issued for a period of one year from June 1 following the date of issue; that holders of certificates must give whatever personal supervision is required and all holders of certificates must show their financial responsibility.

### GOT HIS EARLY TRAINING IN VALLEY

Mrs. Anna C. M. Phillips, of Brownsville, received a telephone call from her son Percival Phillips, correspondent on the London Daily Express, from Niagara Falls a few days ago. He is a member of the Prince of Wales' party, just returning from a tour of western Canada. Mr. Phillips expected to leave the party at Toronto, and go to Washington City on a business mission, after which he expects to visit his mother in Brownsville for about a week the forepart of November.

Mr. Phillips is a Brownsville boy, and received his preliminary newspaper training in the Monongahela valley. As a young man he worked on the Monongahela Republican under the late Col. Chell W. Hazzard.

## STARTLING TESTIMONY

The testimony of Jacob Margolis, of Pittsburgh, before the Senate Committee at Washington, D. C., was not only startling but illuminating as well. It ought to be read by every one. It gives a very clear exposure of conditions as they relate to bolshevism, I. W. W.'ism and other isms now existing in this country, and particularly in this district. Mr. Margolis is against government; he is revolutionary, and he is a non-resister. He is a companion of Syndicalist Foster, now secretary and by some said to be head manager in the present steel strike. In his testimony Margolis said that the radicals were in control of the American Federation of Labor, and mentioned in his testimony that "out of 70 strikes in this country 62 were unauthorized, showing the great disaffection within the ranks of labor."

Is it any wonder, asks the Pittsburgh Gazette, that the duly chosen officers of labor unions are defined by the rank and file when incendiaries like Margolis and Foster are left free to carry the red torch among ignorant foreign workmen who, thoroughly saturated with the traditions of Russian terrorism, run amuck in the industrial centers of the country.

The testimony of Margolis confirms the findings of the military authorities called in the Chicago district, where they ferreted out foreign criminals who are now held for deportation. It is time for the 100 per cent Americans to make a definite and determined stand against this class of people who would overthrow the government and who approve the Soviet of Russia, which has brought such degradation and shame to that country. And it is likewise time for the government to take a hand against such men as Margolis, who among other qualifications, boasted that he never bought a Liberty bond.

## A REVOLUTION

Thirty thousand printers in New York City went on a strike October 1. They demanded among other things an increase in wages of \$14 per week and a decrease in working hours to 44 per week. In addition to these primary demands the strikers demanded that their employers install cost systems that would permit their employees to determine whether they were getting enough wages.

The result of these demands practically put out of commission all of the magazines and periodicals emanating from New York. The newspapers were not affected because the unions employed by them adhered to their contracts.

What was the result? The Literary Digest, a weekly publication, came out a few days later without what has heretofore been the most expensive operation in magazine publication—typesetting. The new method requires the photographing of typewritten pages of manuscript from which the pages are printed.

The Los Angeles Times went the Literary Digest one better, coming out with its first page made by the new process, except that where the Literary Digest showed right hand type, the Times showed its columns uneven, as in common typesetting, as even as though type set the result being made possible by a device for even spacing on the typewriter.

The Literary Digest has shown that can be done in an emergency. The anthracite strike of some years ago, which finally broke the Knights of Labor, caused a number of eastern manufacturers to use bituminous coal for fuel. They have never gone back to anthracite, which is now practically a domestic fuel.

The Literary Digest and the Los Angeles Times, are merely signposts, showing what is possible, and what can be done in an emergency. It might be well to heed them.

Margolis, who was so frank in his testimony before the Senate committee at Washington, is a non-resister. According to his own testimony he would not defend his wife from an attack. He must be some bird.

## NEXT MONDAY IS ROOSEVELT DAY

Reports received from the twenty counties of Western Pennsylvania, as well as the reports which have come to the headquarters of the Western Pennsylvania District executive committee of the Roosevelt Memorial Association are silent signs that the campaign to secure members and funds for the erection of memorials to the late Colonel Roosevelt is meeting everywhere with a great deal of enthusiasm and that the public in general is evincing a laudable ambition to aid in perpetuating the memory of this great American.

In Pittsburgh and Allegheny County all the school children have written essays on the life of Roosevelt and the essays are now in the hands of the judges. The County executive committee has arranged to give a prize for the best essay in each school, the prizes to be either copies of one of Roosevelt's books or one of the biographies by William Roscoe Thayer or Herman Hagedorn, two men who knew him intimately and are well qualified to write of his life and accomplishments.

Monday, the 27th, the anniversary of the birth of Roosevelt will be observed throughout the state as "Roosevelt Day" in the schools and colleges. In the churches of the State the pastors have arranged their sermons for Sunday, the 26th, to speak of the life of this great exponent of Americanism and his devotion to country, and in almost every town and township of the nation on October 27th, public meetings will be held at which the public will have another opportunity to show its love and esteem for the "Square Dealer."

The National Executive Committee has announced that the plans for the memorials are in the hands of the special Memorial Committee, which is headed by Elihu Root. The plans include the project of the forum and park at Oyster Bay, the land for which has already been acquired; the erection of monuments at Washington, D. C., and Ellis Island, New York, which will compare with that erected in honor of Washington, and the memorial of Lincoln; the conversion of Roosevelt's birthplace at New York City into a shrine similar to that at Mount Vernon and the erection of a national park in the Black Hills on the property adjoining the monument erected last year in honor of Colonel Roosevelt.

The Womens National Committee has already acquired the birthplace of Mr. Roosevelt's mother, Martha S. Leach, at Roswell, Georgia, and has opened it to the public. Suggestions and requests concerning the sites of other memorials have poured into national headquarters, and there is hardly a state in the union that has not been urged as the place for at least one memorial. Roosevelt was so wide a traveller, and so thoroughly beloved throughout the country that this interest is but natural.

Charles Evans Hughes has said and truly, that the present move of the association is more than a testimony to a man. "It is an opportunity to pay tribute to an ideal—to demonstrate individual patriotism, and whole-hearted allegiance to our country, and to aid in the perpetuation of the ideals which have become so firmly a part of our national life through their champion, Theodore Roosevelt."

## CELEBRATE THEIR GOLDEN WEDDING

Mr. and Mrs. Henry Chalfant of Grindstone, Fayette county, celebrate their golden wedding anniversary on Tuesday, and the occasion proved to be a very delightful one, not only to Mr. and Mrs. Chalfant, but also to a large number of guests who had gathered from many points to take part in the celebration. Of the eight children in the family all were present with one exception, while those who attended from this immediate vicinity were Miss Mrs. A. N. Chalfant and family, and Mrs. Edward Leonard of Monessen, Mrs. C. A. Beazell and family, Mrs. Charlie Layton and Mrs. George Elliott of Belle Vernon, Mr. and Mrs. H. E. Price, Mrs. Amanda Price and Mr. Mrs. William Evans of Charleroi.

Mr. Chalfant is aged 75 years and his wife 66. They were the recipients of many handsome tokens of esteem from members of their family and friends, all of which attested the high regard in which the aged couple are held. There were 140 guests present during the day, and the generous hospitality of the Chalfant home was extended to all with a most liberal hand.

## BRINGS SUIT FOR A LARGE AMOUNT

Stock speculation proved very unprofitable to Mose Miller, a well known Donora business man, according to a suit filed in the Washington county courts on Tuesday by Post & Flagg, of the New York Stock Exchange. The claim is for \$7,498.43, with interest from October 1, 1919.

It is averred that on various dates between January 19, 1918, and August 13, 1919, the plaintiff purchased and sold stocks and bonds for the defendant on the New York Stock Exchange at the defendant's instructions. These dealings were on margin, that is he did not pay in full for the securities purchased by the plaintiff's for him, but only paid a part, the balance being advanced by them. At various times it is averred the defendant promised to deliver additional securities to the plaintiffs to protect his margin, but failed to do so.

The account of the plaintiff firm shows that stocks to the amount of \$1,155,999.66 were purchased for the defendant, and sales were made to a total of \$1,148,501.23, leaving a balance due the plaintiffs of \$7,498.43 which suit is brought.

Bentleyville has gone over the quota of \$1250 for the Jewish Relief fund. The treasurer of the fund reports over \$1300 has been turned in and more to come.

## Explains Milk Situation.

Editor Mail:

In regard to the milk situation, if people will economize on butter, ice cream, etc., milk will come down. You cannot have all you want of an article without some rest, and before you ask the other fellow to work for nothing try it yourself.

As to sugar, as long as we use candy and soft drinks the manufacturers of the same will pay any price for sugar. If he can sell his product and make money.

Therefore the grocer who must conform to government rules will not get his share.

Cut out the luxuries and you will not have to pay so much for the necessities.

Very truly,

Geo. D. Clark.

William Potts, master mechanic at the Allenport plant of the Pittsburgh Steel Products company, was injured this morning by a number of tubes falling upon him. After giving him first aid he was sent to the Mercy Hospital, where he could receive a more thorough examination. Mill officials said Mr. Potts was not seriously injured.

## Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling. "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

## HAD SUFFERED FOR VERY MANY YEARS

Thousands of people have derived relief through the use of Plant Juice, which does its work thoroughly and quickly, as is attested by the testimony of

J. E. GARVER

of well-known Pittsburgh people, who have been restored to health. One of the latest testimonials received which may be quoted is that of Mr. J. E. Garver, who resides at No. 1711 Brighton Road, North Side, Pittsburgh, an old resident who is well known for his integrity. He said:

"I had suffered from stomach trouble for the past 15 or 20 years, most of which time it was in an ulcerated condition. My food fermented and formed gas; I had heartburn and at times suffered from severe pains in my back. I had tried a lot of different medicines, but none of them seemed to help me until finally I began to take Plant Juice. I want to go on record that Plant Juice is all that you claim for it and more. My appetite has returned and the gas has entirely left my system and I feel better all over. I am recommending Plant Juice to all my friends."

Plant Juice is sold in Charleroi at Henning's Drug Store.

## AN ENEMY OF WOMANHOOD

The complexion, digestion and almost the complete personality of woman are dependent upon health. Woman's ills are her great enemy, as they cause bad complexion, dark circles under the eyes, headache, backache, nervousness, sleeplessness, dragging-down pains and the blues, and often totally unfit her for a companion. The great American remedy for such conditions is Lydia E. Pinkham's Vegetable Compound, which has been restoring three generations of ailing women to health and may be relied upon with perfect confidence.

## STARTLING TESTIMONY

The testimony of Jacob Margolis, of Pittsburgh, before the Senate Committee at Washington, D. C., was not only startling but illuminating as well. It ought to be read by every one. It gives a very clear exposure of conditions as they relate to bolshevism, I. W. W. and other issues now existing in this country, and particularly in this district. Mr. Margolis is against government; he is revolutionary, and he is a non-resister. He is a companion of Syndicalist Foster, now secretary and by some said to be head manager in the present steel strike. In his testimony Margolis said that the radicals were in control of the American Federation of Labor, and mentioned in his testimony that "out of 70 strikes in this country 62 were unauthorized, showing the great dissatisfaction within the ranks of labor."

Is it any wonder, asks the Pittsburgh Gazette, that the duly chosen officers of labor unions are defined by the rank and file when incendiaries like Margolis and Foster are left free to carry the red torch among ignorant foreign workmen who, thoroughly saturated with the traditions of Russian terrorism, run amuck in the industrial centers of the country.

The testimony of Margolis confirms the findings of the military authorities called in the Chicago district, where they ferreted out foreign criminals who are now held for deportation. It is time for the 100 per cent Americans to make a definite and determined stand against this class of people who would overthrow the government and who approve the Soviet of Russia, which has brought such degradation and shame to that country. And it is likewise time for the government to take a hand against such men as Margolis, who among other qualifications, boasted that he never bought a Liberty bond.

## A REVOLUTION

Thirty thousand printers in New York City went on a strike October 1. They demanded among other things an increase in wages of \$14 per week and a decrease in working hours to 44 per week. In addition to these primary demands the strikers demanded that their employers install cost systems that would permit their employees to determine whether they were getting enough wages.

The result of these demands practically put out of commission all of the magazines and periodicals emanating from New York. The newspapers were not affected because the unions employed by them adhered to their contracts.

What was the result. The Literary Digest, a weekly publication, came out a few days later without what has heretofore been the most expensive operation in magazine publication—typesetting. The new method requires the photographing of typewritten pages of manuscript from which the pages are printed.

The Los Angeles Times went the Literary Digest one better, coming out with its first page made by the new process, except that where the Literary Digest showed right hand columns uneven, as in common typesetting, the Times showed its columns as even as though type set; the result being made possible by a device for even spacing on the typewriter.

The Literary Digest has shown the way to be done in an emergency. The strike of some years ago, when small broke the Knights of Labor caused a number of eastern manufacturers to use bituminous coal for fuel. They have never gone back to anthracite, which is now practically a domestic fuel.

The Literary Digest and the Los Angeles Times are merely signposts, showing what is possible, and what can be done in an emergency. It might be well to heed them.

Margolis, who was so frank in his testimony before the Senate committee at Washington, is a non-resister, and the future there is for Aerial Navigation. Address 605 Second Nat. Bank Building, Connellsville, Pa. attack. He must be some bird.

## NEXT MONDAY IS ROOSEVELT DAY

Reports received from the County of Western Pennsylvania, celebrating the birth of the late President Roosevelt, are now in the hands of the County executive committee of the Roosevelt Memorial Association are silent signs that the campaign to secure members and funds for the erection of memorials to the late Colonel Roosevelt is meeting everywhere with a great deal of enthusiasm and that the public in general is evincing a laudable ambition to aid in perpetuating the memory of this great American.

In Pittsburgh and Allegheny County all the school children have written essays on the life of Roosevelt and the essays are now in the hands of the judges. The County executive committee has arranged to give a prize for the best essay in each school, the prizes to be either copies of one of Roosevelt's books or one of the biographies by William Roscoe Thayer or Herman Hagedorn, two men who knew him intimately and are well qualified to write of his life and accomplishments.

Monday, the 27th, the anniversary of the birth of Roosevelt will be observed throughout the state as "Roosevelt Day." In the schools and colleges. In the churches of the State the pastors have arranged their sermons for Sunday, the 26th, to speak of the life of this great exponent of Americanism and his devotion to country, and in almost every town and township of the nation on October 27th, public meetings will be held at which the public will have another opportunity to show its love and esteem for the "Square Deal."

The National Executive Committee has announced that the plans for the memorials are in the hands of the special Memorial Committee, which is headed by Elihu Root. The plans include the project of the forum and park at Oyster Bay, the land for which has already been acquired; the erection of monuments at Washington, D. C., and Ellis Island New York, which will compare with that erected in honor of Washington, and the conversion of Roosevelt's birthplace at New York City into a shrine similar to that at Mount Vernon and the erection of a national park in the Black Hills on the property adjoining the monument erected last year in honor of Colonel Roosevelt.

The Womens National Committee has already acquired the birthplace of Mr. Roosevelt's mother, Martha Sully, at Roswell, Georgia, and has opened it to the public. Suggestions and requests concerning the sites of other memorials have poured into national headquarters, and there is hardly a state in the union that has not been urged as the place for at least one memorial. Roosevelt was so wide a traveler, and so thoroughly beloved throughout the country that this interest is but natural.

Charles Evans Hughes has said and truly, that the present move of the association is more than a testimonial to a man. "It is an opportunity to pay tribute to an ideal—to demonstrate individual patriotism, and whole-hearted allegiance to our country, and to aid in the perpetuation of the ideals which have become so firmly a part of our national life through their champion, Theodore Roosevelt."

## FALLOWFIELD GRANGE SEEKS INCORPORATION

A petition has been filed for the incorporation of the "Fallowfield Grange No. 1352, Patrons of Industry" of Fallowfield township. The directors are I. S. Sprowls, Joseph Carson, and J. V. Young, all of Speers, P. D. Subscribers to the petition for incorporation are Eli Grable, Raymond Carson, N. T. Carson, H. J. Carson, S. E. Spier, J. Russell Carson, Janet Hannen, I. S. Sprowls, Margaret Sprowls, Minnie L. Colvin, Hattie E. Colvin, A. L. McCracken, and Mrs. McCracken and Marie M. Carson.

Messrs Sweeney and Kunnish of the Windell Commercial Aeroplane Company of Connellsville are business callers in this city today and contemplate on remaining here for a period of one week to explain the progress of their company and obtain stockholders. Several local business men have requested that Mr. Sweeney pay them a visit and explain more fully the development of this company, and the future there is for Aerial Navigation. Address 605 Second Nat. Bank Building, Connellsville, Pa. 118-13-p

## CELEBRATE THEIR GOLDEN WEDDING

Mr. and Mrs. Henry Chalfant of Grindstone, Fayette county, celebrated their golden wedding anniversary Tuesday, and the occasion proved to be a very delightful one, not only to Mr. and Mrs. Chalfant, but also to a large number of guests who had gathered from many points to take part in the celebration. Of the eight children in the family all were present with one exception, while those who attended from this immediate vicinity were Mr. and Mrs. A. N. Chalfant and family, and Mrs. Edward Leonard of Monessen. Mrs. C. A. Beazell and family, Mrs. Charles Layton and Mrs. George Elliott of Belle Vernon, Mr. and Mrs. H. E. Price, Mrs. Amanda Price and Mr. Price, Mrs. William Evans of Charleroi.

Mr. Chalfant is aged 75 years and his wife 66. They were the recipients of many handsome tokens of esteem from members of their family and friends, all of which attested the high regard in which the aged couple are held. There were 140 guests present during the day, and the generous hospitality of the Chalfants home was extended to all with a most liberal hand.

## BRINGS SUIT FOR A LARGE AMOUNT

Stock speculation proved very unprofitable to Moses Miller, a well known Donora business man, according to a suit filed in the Washington county courts on Tuesday by Post & Flagg, of the New York Stock Exchange. The claim is for \$7,498.48, with interest from October 1, 1919.

It is averred that on various dates between January 19, 1918, and August 17, 1919, the plaintiff purchased and sold stocks and bonds for the defendant on the New York Stock Exchange at the defendant's instructions. These dealings were on margin, that is he did not pay in full for the securities purchased by the plaintiff for him, but only paid a part, the balance being advanced by them. At various times it is averred the defendant promised to deliver additional securities to the plaintiffs to protect his margin, but failed to do so.

The account of the plaintiff firm shows that stocks to the amount of \$1,155,999.66 were purchased for the defendant, and sales were made to a total of \$1,148,501.23, leaving a balance due the plaintiffs of \$7,498.48 which suit is brought.

Bentleyville has gone over the quota of \$1250 for the Jewish Relief fund. The treasurer of the fund reports over \$1300 has been turned in and more to come.

**Explains Milk Situation.**  
Editor Mail:—  
In regard to the milk situation, if people will economize on butter, ice cream, etc., milk will come down. You cannot have all you want of an article without some rest, and before you ask the other fellow to work for nothing try it yourself.

As to sugar, as long as we use candy and soft drinks the manufacturers of the same will pay any price for sugar if he can sell the product and make money.

Therefore the grocer who must conform to government rules will not get his share.

Cut out the luxuries and you will not have to pay so much for the necessities.

Very truly,

Geo. D. Clark.

William Potts, master mechanic at the Allenport plant of the Pittsburgh Steel Products company, was injured this morning by a number of cubes falling upon him. After giving him first aid he was sent to the Mercy Hospital, where he could receive a more thorough examination. Mill officials said Mr. Potts was not seriously injured.

## Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling, "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

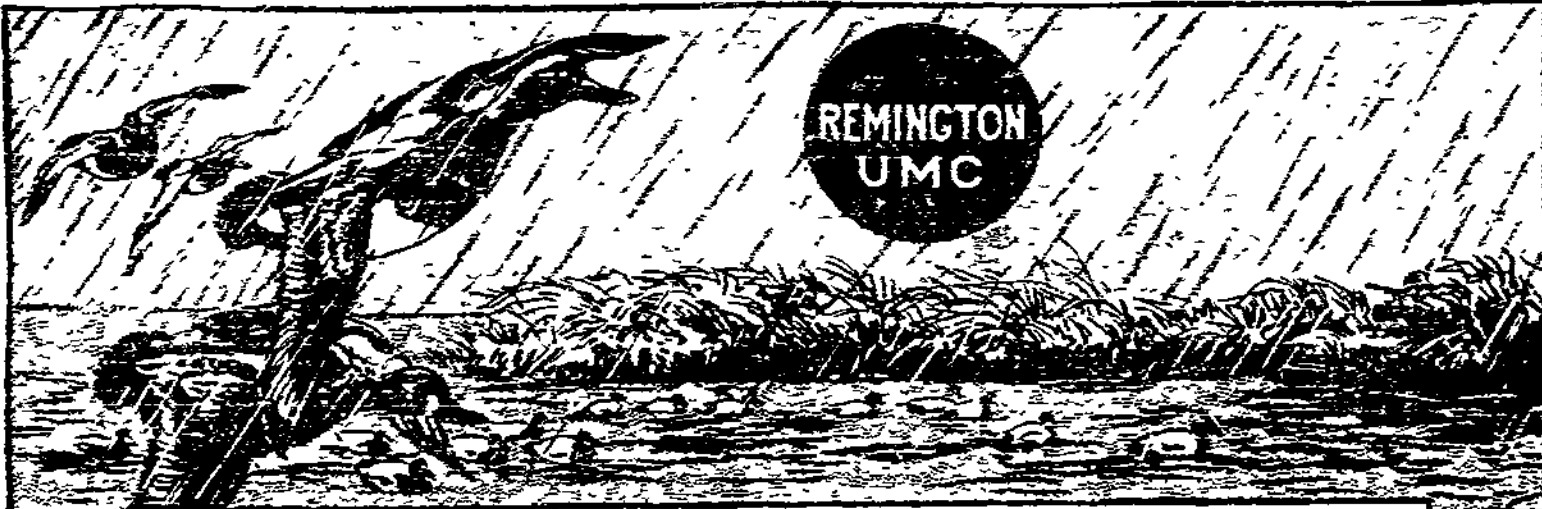

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

## Wetproof Steel Lined Shot Shells

**DOUBLE** your duck hunting luck in rough weather with the *right* shotshells—Remington UMC Smokeless "Arrow" or "Nitro Club" Wetproof Steel Lined "Speed Shells," made to stay dry and firm as a bullet no matter how wet the pocket that contains them, and shoot *right*.

With the *right* shells in your Remington UMC Pump Gun or Autoloading Shotgun there will be no hitch at the critical moment—no gun jammed with a water-soaked and swelled shell—no fizzled shots from mushy turn-overs of the shell ends.

Remington UMC Smokeless "Arrow" and "Nitro Club" Wetproof Steel Lined "Speed Shells" are completely proofed against wet by a wonderful and exclusive process, which it took three years to perfect. This improvement costs you nothing. Just buy the same favorite "Arrow" or "Nitro Club" brand, as usual, at the regular price. You will get the Wetproof improvement extra.

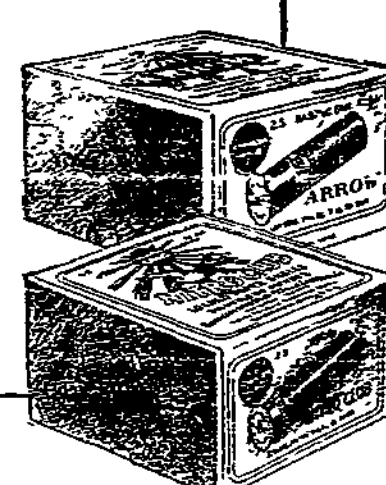

In black powder shells, buy the old reliable "New Club," now Wetproof sealed at turnover and top wad.

Sold by Sporting Goods Dealers in Your Community  
Clean and oil your gun with REM OIL, the combination Powder Solvent, Lubricant and Rust Preventer.

without charge. You will not be able to see this improvement but you will know it is there when you put it to the test of shooting under conditions which only Wetproof shells can stand.

They will stay hard and smooth as usual, with the turned-over end entirely firm and top wad flat. If you can detect any difference in the results in shooting them when they "ought to" be good and wet, you will be the first to succeed in doing so. The same highest dependability and performance qualities as always.

## HAD SUFFERED FOR VERY MANY YEARS

Thousands of people have derived relief through the use of Plant Juice, which does its work thoroughly and quickly, as is attested by the testimony of

J. E. GARVER

of well-known Pittsburg people, who have been restored to health.

One of the latest testimonials received which may be quoted is that of Mr. J. E. Garver, who resides at No. 1711 Brighton Road, North Side, Pittsburg, an old resident who is well known for his integrity. He said:

"I had suffered from stomach trouble for the past 15 or 20 years, most of which time it was in an ulcerated condition. My food fermented and formed gas; I had heartburn and at times suffered from severe pains in my back. I had tried a lot of different medicines but none of them seemed to help me until finally I began to take Plant Juice. I want to go on record that Plant Juice is all that you claim for it and more. My appetite has returned and the gas has entirely left my system and I feel better all over. I am recommending Plant Juice to all my friends."

Plant Juice is sold in Charleroi at Henning's Drug Store.

### AN ENEMY OF WOMANHOOD

The complexion, digestion and almost the complete personality of woman are dependent upon health. Woman's ills are her great enemy, as they cause bad complexion, dark circles under the eyes, headache, backache, nervousness, sleeplessness, dragging-down pains and the blues, and often totally unfit her for a companion. The great American remedy for such conditions is Lydia E. Pinkham's Vegetable Compound, which has been restoring three generations of ailing women to health and may be relied upon with perfect confidence.

## Fall Shoe Showing!

We have just received and placed on display a newly arrived shipment of Fall Shoes. They are styles selected from the Shoe Style Shows and are the last word in shoe dope. The showing reveals many new and attractive styles and combinations. We cannot begin to tell you of all the many pretty shoes but ask you to call and we will gladly show you same. Prices a shade higher than last year but fully \$2.00 to \$5.00 a pair lower than they will be in a few months from now.

**If You Have Money To Invest**  
a few thoughts in this connection may be in season.  
Beware of the smooth-tongued individual who speaks glibly of the miraculous returns to be realized from a certain investment he has in mind.  
Exercise the utmost care and discrimination in the selection of an investment.  
Adhere closely to the "play-safe" policy. Our office will gladly help you.
